MT. PLEASANT.

MT. PLEASANT, April 7.—W. B. Moyers, formerly of East Main street, has moved to College avenue. Members of the local fire department are working with seal to make their minstrel entertainment which will be held in the Grand Opera House on the evenings of April 18 and 19, a complete success. The program board many new things in the way of equipment, to say nothing of new dress uniforms. In their efforts to provide themselves with new equipment, they intend to hold a minstrel from which they expect to realize sufficient money to buy the needed uniforms and equipment.

The best of the town's talent will be used to perfect the performance and some good singing will be among the special numbers rendered. Vaudeville artists of note will be engaged of whom will be brought here from the Howell-Scott stock company now enroute.

The twenty-five uniforms which the Minstrel Band bought from a Philadelphia firm have been left on the hands of the Adams Express Company. So far as the band boys are concerned they have fallen short in contract. The quality of cloth is not only inferior to that ordered and displayed by the agents, but also the color and brand of the suits are different it is said. The band boys paid the agent \$45 down on the order, which was to have cost them in the neighborhood of \$100.

FRIDAY EVENING, APRIL 7, 1911.

THE POSTPONED PRIMARY ELECTION.

The new Uniform Primary Act has been signed by the Governor and is now a law. It sets the date of the primaries this year at the last Monday in September, being the 25th.

There will be no State or National candidates to be elected, but under the operation of the new law there will be a full complement of county, city, borough and township offices.

The county comes into the 100,000 population class and elects a number of new offices including a Controller. Conneltsville becomes a city of the third class and elects a Mayor and Controller, but the exact character of its legislative body or bodies has not been determined, a new third class city bill being under consideration in the Legislature. Under the present law, third-class cities elect by wards two councilmen, a Mayor, a Councilman, but the bill mentioned provides for the election of but one body of small proportions chosen at large.

The coming primary will be active and interesting. It is still a long way off and the county candidates who have announced will have plenty of time to look up all the voters. It is not likely that they will attempt this, however. The voters as a rule do not begin to take an interest in the election until within a few weeks of the time of voting, and they sometimes resent the too ardent attentions of aspirants.

Nevertheless, it is none too early for Conneltsville citizens who desire honest and efficient home rule to begin to cast about for the right material. The candidates who solicit is not always the right man. Sometimes it is necessary to the best government that the "office should seek the man," even though it may have to chase him.

The good citizens who clamor for good government, but who never take an interest in procuring candidates and supporting them actively at the primary and at the polls, should remember that the burden is upon them to get busy and lend a hand.

THE JEWISH AMERICANS: THEIR DEMAND ON RUSSIA.
The formal demand by the Jewish organizations of the United States upon President Taft, that this Government compel Russia to stop its discriminations against American citizens of Jewish faith, if supported by proper evidence, will doubtless receive the attention of the Department of State.

The prejudice against the Jews in Russia, which extends to the Government, has not satisfied itself with oppression but has extended even to despoliation and death. Such conditions are abhorrent to modern civilization. This prejudice against the Jews is undoubtedly due to the influence of the Russian Church. As an integral portion of the government the hierarchy will have no other gods before their own.

The chief trouble with Russia is that she is about a century behind the times. When the dissonant Church from State and makes an earnest effort to educate the masses, she will find that intelligence will promote peace, and peace will bring prosperity to the whole nation and happiness to all its people.

The Red Terror will disappear and the need of standing armies in times of peace will pass. The prejudice against the Jew will fade and he will become a useful citizen of the empire, contributing materially to its greatness and power.

Boies Penrose is earning the sobriquet of the "Patriarch of the Senate." The great legislator, Henry Clay, earned his title by his convulsing oratory. Senator Penrose speaks seldom in open debate, but his heart-to-heart talks seem to be more convincing than all the Senate oratory of the past couple of years.

The Tenderfoot Farmer. It was one of these experimental farmers, who put green spectacles on his nose and fed his cow and his theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "Tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat having for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an un-failing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

HAPPENINGS IN THE MILL TOWN.

Secretary Rowe of Uniontown to Speak to Chamber of Commerce

IN OPEN SESSION TONIGHT

A Guarantee Fund of \$100,000 Is To Be Raised—Local Postoffice Shows Growth of Business—Recital—Lecture a Success Last Night.

Special to The Courier.

SCOTSDALE, April 7.—The Chamber of Commerce will hold its regular monthly meeting in Reid hall this evening at 8 o'clock and all are invited to be present, whether they are members or not. Secretary E. H. Rowe of the Uniontown Chamber of Commerce has accepted an invitation to be present and make a speech along the lines on which these bodies are working. He will tell of the wonderful results that towns have brought about through their Chambers of Commerce, Boards of Trade and such organizations. The Board of Directors have decided that Scottdale will raise a guarantee fund, of at least \$100,000 to be pledged. No bonuses will be offered or allowed to any concern. The bringing of industries to Scottdale will be done along business lines and no premiums of the bonus sort will be given.

Recital a Success.

The Kipling recital lecture was at once a unique and pleasing entertainment at the First Methodist Episcopal Church last evening. Charlotte Greer George is attractive of personality and possesses a beautiful voice, sympathetic, flexible and expressive. Her choice of subjects was wide and rendered with due regard and the spirit of each, that would be a sure test to any voice. William Clinton Littlewood gave an interesting biography of Kipling and presented examples showing the versatility of the writer and his powerful method of picturing life in many places. E. A. Humphries presided at the organ, but the duct of Misses Humphries and Markell was omitted on account of the illness of the former. Rev. R. D. Muesel, D. D., the pastor, was happy in his introduction of the speaker and singer. Everyone seemed well pleased with the evening and any future reappearance of these clever people will draw a large audience.

Postoffice Growth.

Postmaster H. C. Pratt in his report for March and for the fiscal year ended shows a good increase in business done at the local office, which is the government barometer of financial and industrial conditions. It is especially noteworthy that there is an increase in the amount of business done, when it is recalled that the Union Supply Company offices being removed from Scottdale to Uniontown took with them an annual business amounting to \$2,000. In spite of this there was a gain of \$7,146 in business for the preceding year. The receipts at the local office during March were as follows: For stamped paper, envelopes, stamped newspaper wrappers, etc. \$2,031.13; postage on third class matter without stamps \$133.51; box rents and excess \$3.50, making a total of \$2,208.74, a gain of \$191.15 over March of a year ago.

Packing a Box.

The W. C. T. U. are planning to pack a box for the Children's Home in Wilkesburg. One of the special things they are going to put in will be a lot of nice, fresh country eggs. There then will be canned and evaporated and fresh fruit, jellies, cookies and other good things to let the children know that they are thought of. The box is to be packed at Mrs. Charles D. Reid's not later than Tuesday evening, when the regular meeting will be held there.

"Due Social" a Success.

The "Due Social" given Thursday evening at the home of Mr. and Mrs. J. I. Dick was a great success and a very pleasant time was had. Miss Walter of West Newton gave a splendid report. There were guests present from Alverton and Mt. Pleasant.

French People Not Religious

United Press Telegram.

PARIS, April 6.—"Soon we shall have no more priests." This cry has been raised by Archbishop of Paris, the Mgr. Amette, member of the Academie-Francaise. The well known churchman says the church is being early neglected as a calling and that the rising generation shows startling antichurch qualities. During 1910 only 26,000 priests were ordained in Paris and for 1911 there are but six candidates. Next year he says, they will be fewer still. The trouble does not exist in Paris alone. There are many villages in France where services are conducted by a layman because there is no priest, the Archbishop said.

Item for Women.

Marliero, Mass., June 12, 1910. I can frankly say that Parisian Sage has given me perfect satisfaction, and will highly recommend it as a hair grower and beautifier, and a sure cure for dandruff. I also have recommended it to several people, and it has given wonderful results. Mrs. G. Harter, 26 Main street.

Cynthiana, Ky., June 3, 1910. I have only used two bottles of Parisian Sage, and I find my hair has increased wonderfully in thickness and luxuriance and beauty. The dandruff all disappeared. I have tried many hair restorers, thought I have found none that has ever helped my hair except Parisian Sage, so I can say it is worth all of the hair restorers I have ever found, and I will tell many friends about it. Gratefully your friend, Miss M. Clough, Box 212.

A. A. Clark guarantees Parisian Sage to kill dandruff, restore, condition, and stop falling hair and itching scalp, or money back. It is the most delightful and refreshing hair dressing in the world and is not sticky or greasy. A. A. Clark and druggists everywhere sell it for 50 cents a large bottle. The girl with the auburn hair is on every package.

A CHANCE

FOR THOSE WHO WERE DISAPPOINTED FOR THE BALANCE OF THIS WEEK I WILL FIT YOUR EYES WITH \$3.50 OR \$5.00 GOLD FILLED EYE GLASSES FOR \$1.00. SATISFACTION GUARANTEED OR MONEY REFUNDED. PLEASE REMEMBER I AM DOING THIS TO BUILD UP A PERMANENT BUSINESS. COME EARLY IN THE MORNING AND EARLY IN THE WEEK AND YOU WILL BE SURE TO GET WAITED ON.

This "Stevens" sale is an advertising proposition pure and simple—your advantage is a superior grade of goods at a special low price—my profit is making 600 new acquaintances and winning their confidence. Stevens mountings are the best in the world—they occupy the same position in the optical trade as "Rokors Bros. 1847" do in the silver line, and "Eglin" or "Walsham" do in the watch business.

SUCH A DOUTBLING ANNOUNCEMENT no start makes you ask it is absolutely bonafide and it so why I do it. The whole story is this. I have decided to make this unheard of sacrifice of regular \$3.50 and \$5.00 gold-filled glasses at \$1 for balance of week to gain the full support and patronage of Connelville people and thus build up an extensive optical business. The glasses are the same I sell in my regular lines, every one fully guaranteed, and I use just as much care in fitting your eyes. Difficult cases a specialty.

Headaches and nervousness and other troubles far remote from the eye are often the direct result of an eye strain which if corrected with the proper glasses would give immediate relief. It is not necessary for the eye to be sore to indicate the need of glasses. In many cases the eye may be perfectly healthy and glasses may be needed for the reasons which are only apparent to the physician and skilled eye specialist.

EXAMINATION FREE

During this wonderful sale I will be in charge and every patient will get a scientific examination and glasses properly adjusted. REMEMBER I am making this sale to build up my business and cannot afford to exaggerate. Special prices during sale on specially ground lenses and Bifocals.

For balance of week only "Stevens S. Q." Gold filled Eyeglasses. Mountings—every pair guaranteed by the makers—fitted with our own lenses—including examination, \$1.00.

All "Stevens" frames and mountings are stamped on the bridge—"Stevens S. Q."—look for it—don't take my word. They are gold filled—not gold plated—permanently guaranteed by Stevens & Co., (Inc.) of Providence, R. I., and myself—and will be replaced at any time if they fail to give satisfaction.

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this notice at a distance of 10 feet from the eye with ease and comfort. If you are unable to do so, your eyes are defective and should be examined by a specialist. When the eye becomes tired from reading or sewing, the letters look blurred and the head aches. It is a sure indication that glasses are needed. The sooner you get the correct pair of glasses the more comfortable and efficient you will be. Continued use of these defective eyes will result in serious injury from over-exposure to the sun's rays. A recommendation to supply the defective eyes."—The glasses.

Emancipation

The Regal Shoe Company refuses to be bound any longer to the hoary old tradition of the Shoe Trade that standard shoes must necessarily be built to fit certain arbitrary prices—\$3.50, \$4.00, \$4.50, \$5.00, and so on.

It refuses to believe any longer that a shoe that can be sold at, say, \$3.85, must be "built up" to sell at \$4.00, or else "skinned down" to sell at \$3.50.

It has announced that every Regal Shoe made hereafter will be priced at

**Cost, Delivered to the Customer,
Plus 5 Per Cent. Commission**

This may figure out in "even money" or it may not, just as it happens. But, however it figures, the amount will invariably be verified by certified public accountants and stamped on the shoe at the factory, and that will be the price you pay.

In justice to yourself you should not be asked to pay more. In justice to the shoe it should not be "skinned down" to cost less.

Regal Prices Are Now \$3³⁵ to \$5⁸⁵

TUSTIN PRIMARY BILL A LAW NOW.

Governor Tener Signed the Measure Yesterday Afternoon.

PRIMARY NEXT SEPTEMBER

Local Election Candidates to Be Picked Then—Spring Primary Will Be Held in April—Additional Routes in Road Bill.

Special to The Courier. HARRISBURG, April 7.—The bill changing the date of the primary election in the odd numbered years from June until September was signed by Governor Tener yesterday. Prompt passage by the Legislature averted the necessity for Secretary of State McAfee today issuing a proclamation for the June primary this year.

The law provides that in odd numbered years the primary shall be held on the last Saturday of September; in even numbered years the second Saturday in April. The fall primary is devoted exclusively to nominate candidates for municipal offices. Party officers, including committeemen and election officers, will be nominated at the spring primaries. The bill provides that ballot boxes may be opened on petition of five qualified electors if fraud is alleged. When challenged a voter must make oath that at the last election at which he voted he supported a majority of the candidates of the party whose ballot he desires.

A number of additional roads have been included in the Sproul main highway bill. Among these are roads from Greensburg to Ebensburg; Pittsburg to Uniontown by way of Monaca; Uniontown to Greensburg by way of Greensburg; Greensburg to Waynesburg by way of California and Greensburg to Somerset by way of Jennerstown.

Put Kerosene in the Wine Kegs

United Press Telegram. ALBANY, April 6.—Kerosene squirted into full barrels of wine waiting to be champagne and bottled, is the latest way to put wine merchants out of business. Thirteen hogheads of wine belonging to M. Dumoulin has been thus ruined.

The orange is the most luscious and healthful fruit of the world. It is a quality of oranges. The best of the California oranges are now packed in individual wrappers labeled "Sunkist".

Five thousand orange farmers in California do their own packing, shipping and selling. They grade and select their crop into "firsts," "seconds," etc. The firsts are fancy, tree-ripened, hand-picked, seedless, fibrous, thin-skinned oranges—every individual orange a perfect specimen of the finest variety of oranges. They are not only more healthful and more palatable than other oranges, but they are actually cheaper for they are nearly all meat and nourishment. You will know them by the tissue paper wrapper in which each "Sunkist" Orange is packed. On the wrapper note the label, "Sunkist." Keep all the wrappers. They are worth money to you.

Best California Lemons
Come in "Sunkist" Wrappers

You can judge lemons by the "clothes" they wear. If they wear "Sunkist" wrappers they are juicy and good, for they are not thick-skinned or pithy. They are just as fine as "Sunkist" Oranges, and their wrappers are equally valuable.

"DOC" EDIE'S TEAM WON FIRST HONORS.

Took Volley Ball Carnival by
Walloping Hoffman and
Mostreizat.

THE FAVORITES FINISHED LAST

Wise Ones Picked "Doc" Mostreizat's
Team to Win But "Doc" Hoffman
and His Outfit Wouldn't Stay Put In
Last Hole—Nothing Doing Tonight.

None of the Y. M. C. A. classes had a thing on the business men who performed last night. It was a volley ball carnival, after a brief drill in which the members of the class went through the motions just as they do on regular days. Secretary Frank L. Chase led the counting, which drew out what Physical Director Charles J. Kilbourne was trying to say. The costumes worn in the drill were as ridiculous as the material on hand permitted.

In the volley ball carnival each team played six games. Dr. E. B. Edie's quietest of brains won the series, losing but two games. Dr. Hoffman's outfit broke away while J. H. Mostreizat's team, the favorites in the betting—if there had been any—drew last place. Edie had the brain market cornered, himself being a professional man, F. W. Jones, S. P. Ash and Homer Wright settling into the big dome class as school teachers, and J. Lawrence Sick lending dignity to the aggregation as a business man.

Dr. Hoffman landed second place largely through his individual playing as the bunch of dubs supporting him were a handicap rather than a help. C. E. Parker, C. G. Mitchell, Frank L. Chase and G. H. Connell were on his team.

Mostreizat's team, composed of himself, Dr. E. C. Sherrick, Roy J. L. Proudt, Prof. D. U. F. Coughlin, E. C. Thomas and, in the last game, Mr. Kilbourne, won the first two games and then lost the remaining four in a row. Mostreizat's men did not present a form. The business men presented all kinds of shams from the superficially of Chase to the angular dimensions of Prof. Coughlin. There were good, bad and indifferent players on the floor but in every instance the team captain had to do most of the work. The scores were:

Mostreizat, 21; Edie, 12.
Edie, 21; Hoffman, 12.
Hoffman, 21; Hoffman, 14.
Edie, 21; Mostreizat, 10.
Hoffman, 21; Hoffman, 10.
Edie, 21; Mostreizat, 10.
Edie, 21; Hoffman, 14.
Hoffman, 21; Mostreizat, 12.
Tonight there will be no program because of the High School contest and tomorrow the week of exercises will come to a successful conclusion with the basketball game between the intermediates and Uniontown. Great interest has been taken in the exhibition by friends of the Y. M. C. A. Class work will be continued until the weather becomes too warm for indoor work. Plans are afoot to hold the interest of the members during the summer of the strong rivalry between the teams Secretary Chase is trying to arrange a repetition of the contest some night next week.

Bridge Over Monongahela.
The Pittsburgh & Lake Erie officials expect to secure a permit for the construction of a bridge across the Monongahela river near Brownsville, Pa. The master of a train was killed by a train near town this morning. He was a prominent member of the French Lick Valley Grange.

but was expelled. On being disowned by his adopted father he made a precarious living with his pen, editing various periodicals, writing criticisms and turning out an occasional poem or short story, the most finished and exquisite that had yet appeared in America. "The Raven" was published in 1845 and almost immediately took rank as one of the great short poems of the world. "The Rime" and "An-nab-a-lee" had almost as great vogue. His remarkable short stories are still read widely. In 1847 Poe's wife died, and he was himself very ill. He never seemed to recover from the blow and two years later he was picked up in the streets of Baltimore in a dying condition.
